MEANING OF THE ANA-BEKOACH

The "Ana-BeKoach" is an important healing prayer that has divine power when chanted 21 times a day. The prayer dates back to the first century and is composed of seven lines, each line having six words.

After taking each first letter of every word results a 42 letter-name which is said to be comprising the essence of creation. Also, the 42-letter name comprises the name of God. Each line of this prayer can be interpreted as a DNA sequence which transmits a different type of energy than the previous one; each type of energy can be thus used in solving a different kind of problem.

When you memorize this prayer, the energy from it will allow you to heal people, make your own holy water and it will allow you to resonate with the frequency of the creator.

- 1. The first line is also the most energetic one, aimed to provide comfort in times of need and energy to counter stress and/or danger.
- 2. The second line entrusts upon the user the power to control negative events and even move them forward in the future.
- 3. The third line offers one the power to take decisions correctly and in a balanced manner.
- 4. The fourth one provides endurance to those who need to go through hard events.
- 5. The fifth line brings along a certain clairvoyant energy that allows one to foresee the future.
- 6. The sixth line helps one achieve peace and strength.
- 7. The seventh and final line is also important as it helps one find a certain strength within to be able to start life all over, should that be necessary.

Reciting this prayer on different days of the week generates different energies and benefits to the user with the clairvoyance and power to overcome daily challenges. You can recite this prayer for your own personal benefit or dedicate the merit from reciting it to your Ancestors.
